Michael J. Gencarelli Named Vice President Of nGeneYes Inc.

GARDEN CITY, NY - nGeneYes Inc., a leading business software development and IT consulting firm, recently announced that Michael J. Gencarelli has been named vice president.

A co-founder of the firm, Mr. Gencarelli is assuming a major new role in business development and client service. "I look forward to reaching out to local area businesses to show them there is a better way to solve their challenging technology problems," he said. "We have established an unmatched track record in delivering solutions that enable our clients to meet their goals."

Founded in 2002, nGeneYes combines both technical and business skills to help its clients solve mission-critical technology problems. Among numerous successes, the firm has recently developed several web-based applications that have greatly improved information flow and access for its clients, saving millions in operating costs.

Prior to assuming his full-time role at nGeneYes, Mr. Gencarelli worked in IT administration at several area financial planning companies. He holds a BA in Business from Adelphi University, and is a member of ExecuLeaders, the Hauppauge Industrial Association (HIA), Long Island MidSuffolk Business Action (LIMBA), Long Island Forum for Technology (LIFT), and the Association of Information Technology Professionals (AITP).

nGeneYes recently established a headquarters location in downtown Nassau County at 1225 Franklin Avenue, Suite 325, in Garden City, NY. Satellite offices are located in Florida; Massachusetts; Seattle, Washington; and Medellin, Colombia.

For more information, contact Michael J. Gencarelli at (516) 578-3164 or mjgencarelli@nGeneYes.com, or visit nGeneYes.com.
